

G100

BINDER CHAIN ASSEMBLIES

GRADE 100 BINDER CHAIN FEATURES:

- 33% increased strength over Grade 70 steel.
- Secure with smaller diameter chain to reduce binder chain assembly weight for the same load size.
- Reduce the number of tie-downs to secure the load.
- *Must still comply with FMCSA minimum tie-down requirements.*
- Stocked in multiple sizes and packaging configurations.
- Custom length and hook configurations, Clevis Slip Hook with Latch available.
- *Minimum order quantities may apply.*

CLEVIS SLIP HOOK
W/LATCH OPTION

Chain assemblies are packaged bulk in drums or one per box.
