

LIFTING ^{FOR THE} TROOPS

Train with the best. We'll give to the best.

From September 1 through October 31, 2023, Kito Crosby, together with our loyal channel partners and end users, looks to raise **\$50,000** for the Children of Fallen Patriots Foundation to help fund college scholarships and other critical educational services for US military children who have lost a parent in the line of duty.

For every Crosby, Harrington, Acco, and Peerless training event we host in the US during this time, Kito Crosby will donate \$500 to the Fallen Patriots. In addition, all proceeds from the popular Crosby User's Guide for Lifting online training course will be donated to this honorable cause.

Every time a worker in the oil and gas, construction, heavy lift, transportation, manufacturing, wind energy, entertainment, and material handling industries attends a Crosby, Harrington, Acco, or Peerless training event, or completes Crosby's online training course, they can know that they are playing an important part to help secure a better future for military children who have lost a parent.
